The strengths of Vorpommern

We support your business ventures in our region!

We are an important initiator and innovation generator for the regional economy, supporting the region-wide business development in Vorpommern, thus securing the future of this business location.

Together with strong partners the Economic Development Corporation Vorpommern is active in acquisition of inward investments, business development, regional location marketing & image building as well as project development and –management.

Our services for businesses are free of charge and comprise location- and real estate search, advise in funding and financing matters as well as matchmaking with decision-makers, networks and business partners.

The Economic Development Corporation Vorpommern was set up to promote the region and improve its economic structure. It is mainly financed by public sources. Shareholders are the County of Vorpommern-Rügen, the County of Vorpommern-Greifswald, the University & Hanseatic City of Greifswald, the Hanseatic City of Stralsund and the banking institution Sparkasse Vorpommern.
